

APPLICATION PROCESS

Ohio Department of Commerce
Division of Liquor Control
6606 Tussing Road
Reynoldsburg, OH 43068
614-644-2360

The Division of Liquor Control (Division) has outlined the application process below to help applicants understand the steps taken after submission of an application:

1. The Division logs all applications into a computerized system for processing.
2. The Division will send notice of the application to the legislative authority of the municipality/township (city council or township trustees and county commissioners) where the applicant's permit business will be located for certain retail permit classes only. The legislative authority has the right to object to the application and request a hearing within 30 days of notification. However, one 30-day extension may be granted if it is requested timely. The Division also notifies the local law enforcement agency as required by law.
3. On certain permit classes, the Division will work with the County Board of Elections to determine the wet/dry status of the applicant's proposed permit premises. This does not occur on applications for transfer of ownership.
4. The Division will send the Personal History Background Form(s) the applicant provided to the law enforcement agency in the municipality or township of the permit premises for a separate background check to be conducted.
5. The Division works with the Ohio Bureau of Investigation (BCI) to have background checks conducted on all persons disclosed as being involved in an applicant's business. For the Division and BCI to conduct this background check, the applicant is required to provide the Division with the proper documentation and information so that a background check can be performed. Applicants should refer to DLC Form 4191 to determine which persons involved in the business should submit a completed paper fingerprint card or be fingerprinted electronically via a WebCheck system.
6. On certain permit classes, a Division Compliance Officer will contact the applicant to set up an appointment for an initial inspection of the premises. At the time of the inspection, the Division's Compliance Officer will survey the area surrounding the proposed permit premises to determine if there are any institutions such as schools, churches, libraries, public playgrounds or township parks within 500 feet. By law, any of these institutions can object to the issuance of a permit within 30 days of notification. If the premises is not in operation or did not meet all requirements at the initial inspection, a final inspection will be required at a later date. Please allow two weeks when requesting a Division final inspection.
7. A C or D class permit is issued for a period that expires on February 1, June 1 or October 1, depending on the county where the permit is located, and is renewed annually on that date. Renewal dates by county may be found by visiting http://www.com.ohio.gov/liqr/docs/LIQR_RenewalDistricts.pdf. All A, B, G, H, or W class permits renew annually on October 1.
8. If an applicant has applied for a New Ohio retail permit and it is issued within six months of the expiration date, the applicant will receive a refund of 50% of the class fee(s) paid. This does not apply to transfer applications.
NOTE: The \$100.00 processing fee is non-refundable.

It is the Division's goal to process applications in a timely and efficient manner. Many factors determine the length of time it takes to complete the application process. Providing all of the information requested on the application will help processing time.

Revised 09/12/2017
