### **FIRE PREVENTION WEEK POSTER CONTEST**

Fire departments throughout the state have been sent information about the 2016 Fire Prevention Week Poster Contest, and have been encouraged to work with their local schools to help in this fire safety awareness effort.

We encourage you to contact your local fire department for assistance and guidance if you would like participate in this event. If your local fire department is unable to assist, you may still participate. Information about the contest follows:

#### BACKGROUND

The Division of State Fire Marshal is conducting the annual statewide fire safety poster contest. The purpose of the contest is to recognize those individuals that have demonstrated an understanding of the issues related to fire safety education and that have shown the ability to visually portray that knowledge.

The contest will take place during Fire Prevention Week to help emphasize and support your fire safety education efforts. This year, we will be implementing the theme "What Can You Do?" We ask that each participating student depict what they can do to prevent a fire at home or what they should do if there is a fire in their home. The contest is open to all elementary school children in Ohio. Two grade categories will be used: Grades K -3 and Grades 4-6. There will be six state finalists in each grade category. The winning entries will receive a special recognition by the Division of State Fire Marshal in the late winter/early spring of 2017.

#### HOW TO ENTER

Fire departments are encouraged work with their local elementary schools in the initial round. The fire department (or local school official if the fire department is not participating) selects its local winners – a maximum of one in each grade category to be sent to the Division of State Fire Marshal. The State Fire Marshal will appoint a committee to review all submissions and will select six state finalists in each grade category for special recognition. (NOTE: A fire department (or school) may also recognize additional "winners" locally.)
